Re: Red Rock Utilities, LLC
Docket No W-04245A-16-0392
Application For Certificate of Convenience and Necessity

TO WHOM IT MAY CONCERN:

On November 21, 2016, Ms. Guadalupe Ortiz of the Commission's Utilities Division advised the undersigned counsel for Red Rock Utilities, LLC ("Red Rock") that the Commission's Staff required certain additional information be provided by Red Rock in support of the above-referenced Application before the Commission's Staff would be in a position to issue a "Sufficiency Letter." On November 22, 2016, representatives of the Commission's Staff and Red Rock participated in a telephone conference call and agreed upon the precise nature of the additional information to be provided; and, Red Rock has begun acquiring or preparing that information for submittal to the Commission's Staff. However, Red Rock will not be able to submit all of the aforementioned supplemental Information by the close of business today, which the undersigned counsel understands is that last day allowed for the Commission Staff's 30-day "administrative sufficiency" review under the Commission's regulations, absent a "waiver" or "tolling" from the Applicant of the 30-day review period.

Accordingly, against the above background, the purpose of this letter is to formally advise the Commission that Red Rock hereby agrees to a "waiver" or "tolling" of the aforesaid 30-day "administrative sufficiency" review period for an additional thirty (30) calendar days, or until December 28, 2016. Red Rock currently anticipates providing the required supplemental Information well in advance of that date, but is allowing 30 additional calendar days to take into account possible unanticipated delays where it is relying upon third-party assistance in providing the information.

Thank you in advance for your assistance in docketing and distributing this letter to the appropriate Commission personnel.

Sincerely,

Lawrence V. Robertson, Jr.
